# CALMING BALM

This year's key colour is evocative, relevant and timeless all at once.

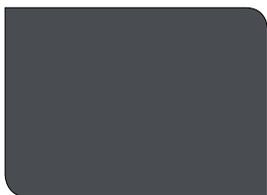

AkzoNobel Global Aesthetic Centre in Amsterdam has been researching on colour trends and analysis for more than 25 years. That's why each year, many people look forward to Dulux's almanac for its ColourFutures trends. This creative foretelling is painstaking work involving creative people from 80 markets across the world.

To arrive at this year's colour - Tranquil Dawn - it was all about rigorous work, observing and understanding lifestyle needs and connected spaces to dream up a soothing shade that takes its inspiration from the morning sky at dawn. The colour's soft tone, fluidity and tranquillity - it sits at the crossroads of blue, green and grey - is versatile and relevant in today's spatial context. Most importantly, its "human-feel" tone promotes a sense of empathy and wellbeing, creating positive connections.

# PLAY

Let vibrant colours work their magic in a space.

Play is in our DNA. We're programmed to have fun, think creatively and enjoy our moments of frivolity. Playful experiences are often our most cherished moments in life. As they say, "the good old days are always the best". For a mood to be young and vital, modern and relaxed, Tranquil Dawn can be married with brighter hues such as sulphur-yellow and coral in order to add an offbeat vibrancy to the palette. This is also when geometric patterns and tactile materials can be interplayed to create statement-making spaces that spur conversations. The fusion of Tranquil Dawn and vibrant colours create environments that delight our senses, stir our emotions and even encourage us to think more creatively! Pair it with intense blues, vivid pastel pinks, playful stripes and you get a dynamic, energising feel that can abolish any creative roadblocks in you.

Tranquil Dawn's dynamism is demonstrated in spurring our young who desire to learn facts creatively rather than through rote and memory. The playful hues coupled with the fluidity of Tranquil Dawn project an optimistic, fun-to-learn setting where younger minds can joyfully learn and just be themselves. Interject it with graphic black and white prints, you create a bold, forward-looking theme that adds fun and dimension all at once. Introduce whimsical murals, wall effects alongside Tranquil Dawn's chalky attributes and you create a space where thought and ideas flow freely while giving a notion of assurance, cosiness and comfort.

We have reproduced paint colours as faithfully as modern digital colour techniques allow. Please note that the shape, size and lighting of the surface can influence the appearance of the final colour. Colours shown may vary from actual paint colour due to screen resolution or other factor(s).

# CARE

Calming colours that create a restorative feel to interiors.

What does “self-care” mean? The adage “Home is where the heart is” holds its salt. The relationships we foster in our life is all about being connected with our loved ones in the things we do together. Our homes are our primary source to feel safe and comforted. For some, it’s a sanctuary to get into a restorative mode. Tranquil Dawn espouses the best of these humanistic elements - to protect our loved ones, to give them a space to rest, play, relax and even work peacefully. This ethereal hue is fluid and comforting all at once, giving one a relaxed style to any room. The hue has a certain lightness that emanates on its own. Juxtapose it with any spatial context you place it in, it extends an air of peace and quiet sophistication.

To add warmth, you can interject with pale wood, suede materials, tactile velvets and comforting wool throws. Get “ore-struck” by combining metallics such as coppers, silvers, golds and mother-of-pearl to create a cocooning, cosy look that’s hard to fault. The softness of this hue takes its cue from Mother Nature - remember transpiration from forest canopies? That misty, morning look of trees moving water through evaporation is evocative of this breathtaking event in nature. The enveloping and endearing hue is all about allowing people to reconnect in familiar spaces - calming frenetic nerves, improving work/life scenarios, boosting human interaction and encouraging compassion from within.

# DULUX RECOMMENDED INTERIOR DESIGNERS

## FSI

FSI (Free Space Intent) is a household name when you're looking for interior design expertise. Formed in 1999, FSI has come a long way. The company is recognised as a full-service residential and commercial interior design firm. Not just limited to designing residential units, the firm has worked with corporate clients to create bars, cafes, lounges, restaurants, retail outlets and office spaces. The firm respects each client's budgets and time constraints but will deliver distinctive and customised products to satisfy them.

The firm's penchant for timeless elegance with modern functionality is part of its philosophy in creating standout projects. Its dynamism and being able to adapt by creating a wide gamut of themes - whether it is clean, contemporary lines to maximalist, dramatic interiors - demonstrates its design prowess. When it comes to spatial planning with practicality for storage, FSI is able to undertake the task. The firm has won many industry accolades such as Singapore Brands and Top 100 Singapore Excellence Award.

## Lemonfridge

Don't snub this new young firm which was founded in 2016. They comprise a team of graduates from interior design school who understand the current state of affairs and trends in the interior design industry. Creating meaningful spaces is not about having an explosive budget; these design experts take into consideration of spatial relevance to the homeowner's needs. Whether it is designing for a bachelor pad or newly-weds, their consultants can carve out a personalised space for relaxation, entertainment, play, sleep or work scenarios. Delivering meaningful home design is in their philosophy while ensuring each room is befitting for his/her personality and needful activities. They take pride in what they do, evidenced in some of their contemporary home designs for individuals, couples or families.

# Unimax Creative Pte Ltd

Situated in the historical area of Balestier is Unimax Creative Pte Ltd. The 2,000-square-foot office cum showroom space houses 30 design and sales professionals. Adjacent to their office is a woodwork and aluminium fabrication factory to produce high-specification products for residential and commercial projects. The firm is recognised as one of the very few design firms to offer 12 months workmanship warranty. It's no wonder that more than 10,000 satisfied customers can attest to it. The company offers 100 per cent commitment to every project, ensuring that the smallest details and preferences are carefully created for each room. Unimax's Design and Build projects have included semi-detached homes, penthouses, studio apartments, and condominiums. Their style is all about crisp and clean design, bright and airy spaces, not forgetting sophisticated finishes. Andy Tan, Managing Director, Unimax opines, "Design is a powerful tool that attracts, communicates and leaves an impression". Indeed, the fruits of his labour show his passion and dedication to each client's project.

## Facelift Design Profile

Facelift Design & Interiors LLP, is founded ten years ago as a small team interior design consultancy practice, specialising in residential interior design. It is fronted by principal designer Amilia Gani, who has more than 20 years' experience in interior design and related industries. Her approach to designing a home is using the empathic design process, to create personality-centric, cosy and timeless home environments for the homeowners.

Before establishing Facelift Design & Interiors, Amilia held senior design positions with a leading residential design company in both Singapore and Malaysia. To date, she has executed hundreds of transformations for her residential and commercial clients, including the private development of one bungalow and four semi-detached homes at Kheam Hock Road, and a four-storey boutique hostel in Chinatown, the Adler Luxury Hostel. Amilia has lived in Kuala Lumpur, Hong Kong, and Shanghai for nearly a decade. This unique exposure has added to her already impressive knowledge of architectural detail, artistic crafts, and textile sensibilities.

Other than interior design projects, Facelift Design has earned a well-respected reputation among homeowners in the social media and has been organising home styling workshops since 2014, on the basis of styling, interior colours and materials, and room makeovers. Amilia was also a contributing writer on interior design and home styling for Berita Harian, Aquila Asia (a regional lifestyle magazine), and has done styling work for home decor settings for local Malay lifestyle magazines. In 2018, she was involved in REKA, an interior styling, reality competition TV show on Mediacorp Suria, as one of the main design judges. Amilia's unique and sought-after perspectives on interior design and trends are often published in various local media and online publications.
